

## **REQUEST FOR SNOW REMOVAL PROPOSAL**

**For**

**University District Community Association**

**Detroit, MI**

**November 15th, 2018 - April 1st, 2019**

### **GENERAL STANDARDS:**

The University District Community Association is seeking a Contractor(s) to furnish all labor, equipment and materials necessary to provide snow removal services during the 2018-2019 winter season for the areas listed below. Such services are to include street plowing; salting; and removal of accumulated snow in a professional manner consistent with industry standards. Additionally, the Association will consider alternative proposals to provide Sidewalk snow removal for the neighborhood.

Interested parties must complete the attached “Cost breakdown Sheet(s)” and “Additional information” sheet(s) to be submitted **no later than Monday October 15, 2018.**

Please use one of the following methods of return

E-mail: [communications@udca.info](mailto:communications@udca.info)

Mail: Mrs. Amber Hunt  
Attn: Snow removal Proposals  
17597 Oak Drive  
Detroit, MI 48221

Successful bidders should be contacted on Wednesday November 7, 2018.

Sincerely,

Lucius Gunn  
UDCA President

Frank Benedict, Thomas Bauer, Michael Carmona, Amber Hunt, Roger Short  
UDCA Selection Committee/Board Members

University District

### **Scope Of Service :**

- Roadways: Either on-demand “Per Push” or Seasonal/Automatic Plowing of neighborhood streets when snowfall accumulation and the following criteria is met:
  - On Demand service occurs on a case-by-case basis when authorization is granted by the Association’s Project Manager based on snow accumulation and other prevailing conditions. The contractor responds to calls for service within a specified time frame.
  - Automatic service is triggered by the contractor when local weather stations indicate the Detroit area has received snowfalls equal to a pre-approved amount. The contractor responds to calls for service within a specified time frame.
- On-demand follow-up salting of roadways
- Intersections: Clearing of intersections when plowing exceeds 12”
- Optional Sidewalk clearing

### **Roads Serviced (Plowing):**

- Warrington Dr – from 6 mile to 7 mile
- Quincy St.- from 6 mile to Santa Clara
- Oak Dr – from 6 mile to 7 mile
- Birchcrest Dr – from 6 mile to 7 mile
- Belden St - from 6 mile to Santa Clara
- Fairfield St - from 6 mile to 7 mile
- Muirland St - from 6 mile to 7 mile
- Wildemere St - from 6 mile to 7 mile
- Santa Maria Ave – from Parkside to Livernois
- Santa Clara Ave - from Parkside to Livernois
- Thatcher Ave - from Parkside to Livernois
- Pickford Ave - from Parkside to Livernois
- Margareta Ave - from Parkside to Livernois
- Clarita Ave - from Parkside to Livernois

**Note:** Parkside St. (from 6 mile to 7 mile) and Curtis Ave (from Parkside to Livernois) are not included in this RFP because they are emergency routes and regularly plowed by the city.
